A Natural  
RemedyTime was when disease was thought to be due  
to the direct influence of evil spirits, and exorcism  
and magic were invoked to cast it out.Science has taught us wisdom. The evil  
spirits exist still. We call them "Disease  
Germs," and they also must be cast out. Once  
lodged in the stomach or intestines, fever with  
its hallucinations, or biliousness with its aches  
and pains, is the result.ENO'S  
FRUIT SALTis the approved remedy for driving out disease  
germs. Its action is quick and thorough. It  
cleans the intestines, rouses the torpid liver to new  
life, stimulates the mucous membrane to a healthy  
action, and cleanses and invigorates the whole  
digestive tract.It may be safely taken at any time by young  
or old.It is very effective in the early stage of Diarrhoea  
by removing the irritating cause.Be prepared for emergencies by always keeping  
a bottle in the house.Prepared only by  
J. B. ENO & CO., FRUIT SALT WORKS, LONDON, ENGLAND.  
SOLD BY GROCERS AND STORES EVERYWHERE.

SHANGHAI'S ROLL OF HONOUR.

MR. A. L. KAUFFMANN.

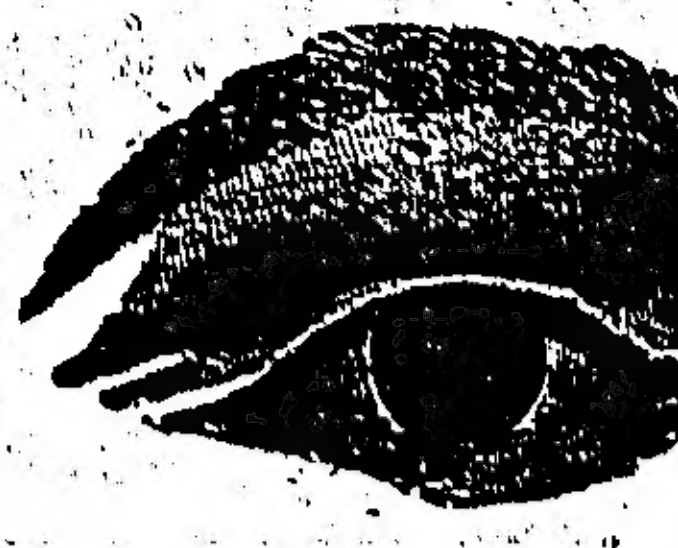

News has been received of the death  
in action, at the Dardanelles, on Decem-  
ber 10, of Mr. A. L. Kauffmann, who  
when he left China for the front was a  
Deputy Commissioner in the Chinese  
Postal Service. He was on leave in  
France when the war broke out and took  
part as sub-lieutenant in the battle of  
the Marne, in which he was severely  
wounded that he was sent to hospital for  
six months. It was feared at the time  
that he would lose one of his feet; how-  
ever, he recovered, as soon as possible  
returned to the front and was sent out  
to the Dardanelles.He was decorated with the Legion of  
Honour after the Marne, won the war  
cross and was three times mentioned in  
dispatches for bravery. We offer our  
sympathy to the Chinese Postal Service  
on losing an efficient member of its staff  
and congratulate it on the fine record to  
which Mr. Kauffmann's career and death  
have so finely added.—N. C. Daily

## THE WAR.

(Continued from page 2)

### SUNDAY'S TELEGRAMS.

#### GERMANY'S HUGE LOSSES.

#### THE BRITISH OFFENSIVE IN CHAMPAGNE.

#### WHAT IT COST THE ENEMY.

(British Foreign Office Telegram.)

LONDON, Jan. 28.

Mr. Hilaire Belloc, the famous mili-  
tary critic, discussing the German losses,  
says: "Official figures given by the  
German Government of losses in casualty  
lists up to and including those of 30th  
November, but, excluding losses itself  
give a total just over two and a half  
millions. These lists do not include  
losses from disease, save deaths from  
disease. They do not refer upon an  
average to a later date than the early  
days of October, and certain  
features in them point to their incom-  
pleteness. For instance, we find that in  
the individual lists periodically issued  
over 600,000 are accounted for as dead,  
but the official German totals give  
barely more than 600,000, and the small  
proportion of wounded compared to  
dead clearly indicates the omission of  
many light cases. Again, the figures  
set down for deaths from disease are  
manifestly misleading. They can only  
refer to some particular category, such  
as deaths in base hospitals or deaths  
from particular set diseases. We know  
that this is also because the figures  
given are actually less than half the  
death rate from disease among men of  
military age in peace time. The num-  
ber of German prisoners in the hands  
of the various Allies further proves that  
the figures for missing are insufficient,  
allowing, as one must, a considerable  
margin for missing who are not pris-  
oners, but deserters or dead.

The total losses of the German Empire  
alone up to the date in question, Nov.  
30, and not the early days of October to  
which the latest official German figures  
refer, are upon every line of evidence  
somewhat over 4,000,000. Of these,  
however, close upon a million must have  
returned to service after recovery from  
wounds or sickness, and we may set the  
total loss of fighting men from the  
forces of the German Empire to Novem-  
ber 30 at not less than 3,250,000, more  
probably 3,500,000 or even over.

Later, he says it is now, after a delay  
of more than three months, possible to  
establish from the German casualty lists  
themselves the extent of the catastrophe  
suffered by the German armies during  
the great blows delivered upon them in  
the British offensive in Champagne at  
the end of last September. It will be  
remembered that the enemy put forward  
the obviously untenable claim that the  
main shock of this offensive was met  
in Champagne by no more than a  
Division, say, at full strength 20,000 men.

This statement carried no weight and  
was deservedly soon forgotten, but it  
is remarkable how much greater his  
losses were even than was at the moment  
the Allied estimate of them. The highest  
such estimate made by the victors upon  
this occasion put the enemy losses at  
some 210,000. So far, we can already  
discover from the German lists alone,  
a loss close on 300,000 men, exclud-  
ing all cases of shock, sickness, etc.,  
necessarily arising in large numbers  
from so intense an action. We must  
further remark upon the delay in the  
publication of the German lists and  
their consequent incompleteness. Even  
during the third month after action,  
the Infantry lists alone include 12,000  
checked and admitted after so great a  
 lapse of time, and this, the fourth month  
after action, the month of January is still  
providing us with new names in the  
list. It will probably be found when  
the history of the war is written that,  
counting all the casualties, the enemy  
suffered no less than 850,000 loss, and  
certainly more than a third of a  
million in those memorable days.

#### STRAIGHT AT IT.

THERE is no use of our beating around  
the bush. We might as well say  
what is first at last. We want you to say  
Chamberlain's "Cough Remedy" that you  
have a cough or cold. There is  
no reason so far as we can see why you  
should not do so. This preparation by its  
remarkable "cure" has gained a world-wide  
reputation, and people everywhere speak of  
it in the highest terms of praise. It is for  
sale by all Chemists and Druggists.

## WESTERN FRONT.

### GERMAN ATTACKS REPULSED.

PARIS, Jan. 28.

A communiqué states that the French  
repulsed two German attempts at attacks  
in Artois.

The French guns exploded an am-  
munition depot at Puisseleux.

LONDON, Jan. 28.

A British communiqué states that late  
yesterday afternoon under cover of heavy  
rain, machine gun and artillery fire, the  
enemy attempted an infantry attack on  
the salient of our trenches to the north-  
east of Loos. The attack was driven  
back by our fire.

Last night the enemy was active with  
rifle and artillery fire to the east of  
Armentières. Our artillery retaliated.

To-day the enemy exploded a mine at  
Fricourt and another to the east of  
Ginchy. No damage was done. We  
sprang a mine to the east of Ginchy.

Hostile artillery is most active against  
our trenches north of Maricourt between  
Loos and La Bassée and on the canal  
east of Armentières and north of  
Wytschaete. We retaliated, damaging  
the hostile trenches in many places.

FIERCE FIGHTING IN ARTOIS.

#### FOUR GERMAN ATTACKS.

PARIS, Jan. 29.

A communiqué says:  
There has been fierce cannonading  
and sharp fighting in Artois, where  
German attacks at four different  
points were repulsed, except at one  
point south of Ginchy where the  
enemy after exploding a number of  
mines gained a footing in the  
advanced trenches.

Of the other attacks, which were  
made simultaneously, two were com-  
pletely defeated, namely near the  
Neuville-La Folie road, and north-  
west of Arras. The third attack,  
north of Roubaix, was arrested at  
the outset, the enemy being unable  
to leave his trenches in face of our  
artillery and rifle fire.

The French, after a sharp fight,  
recaptured another mine crater south  
of the Neuville-La Folie road, and  
repulsed violent counter-attacks.

The seriousness of the enemy  
losses in the preceding fights in this  
region is shown by the fact that 150  
German bodies were counted in one  
of the recaptured craters.

The enemy violently bombarded  
Arras and the positions south of the  
town, the French vigorously replying.  
The French guns wrecked enemy  
works south of Lassigny.

SERBIAN ARMY'S WITHDRAWAL  
FROM ALBANIA.

#### BRITISH HELP.

PARIS, Jan. 29.

A communiqué says:  
The withdrawal of the Serbian  
Army from Albania continues in an  
orderly manner.

The Austrian advance guard has  
reached San Giovanni de Medua,  
but the guns, munitions and material  
left there by the Serbians have been  
removed by French trawlers and  
taken to Brindisi.

The retirement of the Serbians  
was favoured by better weather and  
by bridges which the British Mission  
constructed over the principal rivers;  
also by food depots organised along  
the roads.

The embarkation of the Serbian  
troops continues regularly.

The situation on the front of the  
Bulgarians has been unchanged for  
a month. A Bulgarian detachment  
occupies Dibra, and a reserve  
brigade is at Struga, north of Lake  
Ochrida.

GERMAN COMPLAINT AGAINST  
BRITISH TROOPS.

#### ALLEGATIONS WITHOUT FOUNDATION.

LONDON, Jan. 30.

The Press Bureau publishes cor-  
respondence between the American  
Ambassador in Berlin and Sir  
Edward Grey with reference to a  
German Note regarding alleged  
abuses inflicted by British and  
Indian troops on German prisoners.

Sir Edward Grey's reply shows  
that full investigation by Com-  
manders of British and Indian Corps  
has proved that the allegations are  
without foundation. On the contrary  
British and Indian have heroically  
rescued German wounded and treated  
them most humanely.

MORE GROUPS CALLED UP IN  
GREAT BRITAIN.

LONDON, Jan. 28.

The official notices are being  
printed for calling up eight more  
of Lord Derby's groups, namely:  
Group 10 by Mr. H. H. Roberts.

## AMERICA AND ARMED MERCHANTMEN.

### A CHANGED STATUS.

NEW YORK, Jan. 29.

It is stated that Mr. Lansing's  
Note to the belligerents on the sub-  
ject of marine warfare declares that  
armed merchantmen may be denied  
entry into American ports except on  
the same conditions as warships  
unless the Powers accept the pro-  
posals of the United States, which  
regarding the destruction of mer-  
chantmen without warning and with-  
out removing the passengers and  
crew's safety, as contrary to  
humanity, considers that the bel-  
ligerents should not be deprived of the  
right to use submarines.

Mr. Lansing considers the intro-  
duction of submarine warfare was  
changed the status of armed mer-  
chantmen, as the defensive powers  
of submarines are limited over-  
against light guns. Therefore, the  
right of merchantmen to carry arms  
is legally doubtful.

LATER.

The formula which Mr. Lansing  
proposes that the belligerents should  
accept regarding the subject of sub-  
marines is as follows:—

Firstly:—Non-combatants should  
be entitled to travel the sea in  
belligerent merchantmen and rely on  
the rules of international law and  
humanity.

Secondly:—A merchantman of  
any nationality should not be subject  
to attack without warning.

Thirdly:—A belligerent merchan-  
tman should promptly obey the order  
to heave to.

Fourthly:—A merchantman should  
not be attacked unless he resists,  
and attack must cease when fight  
and resistance have ceased.

Fifthly:—Sinking to be only just-  
ifiable when it is impossible to supply  
a prize crew or to convey the mer-  
chantman, and the passengers and  
crew must be removed safely.

A FRAUDULENT MANIFEST?

The Foreign Office announced that  
a search of a Swedish steamer at  
Stockholm shows that the cargo  
includes 142 tons meat, which was  
originally entered on the manifest  
but was subsequently deleted, in-  
dicating that fraud was intended.

will be considered.

France to meet her husband.

PROTESTS AGAINST CLOSING  
MUSEUMS.

LONDON, Jan. 29.

A number of letters have been  
published protesting against the clos-  
ing of museums. One from Lord  
Molesley says the Natural History  
Museum is one of the places over-  
seen visitors most wish to see. Clos-  
ing for the sake of a few hundred  
pounds, he says, is a singular  
example of perversity.

ACTIVITY IN THE RIGA AND  
DYNSK REGIONS.

#### ZEPPELIN BOMB DYNSK.

PEZDROG, Jan. 28.

A communiqué states there have  
been active air raids in the Riga  
region, where enemy aeroplanes are  
regulating the fire and have also  
dropped bombs. A number  
of Zeppelins, bombed Dyonsk.

The Russian artillery answered a  
large German force in the region of  
Lake Evkerp.

Russian bombers dislodged the  
enemy from three mine craters to  
the north of Boin in the region of  
the Styrpa.

kish column west of Melaghet, taking  
hundreds of prisoners and a large  
quantity of munitions and material.  
They captured the Turks into the town  
of Kharakela between Ezerum and

## ALLIED FORCES LANDED AT KARABURUM.

### A GREEK FORT OCCUPIED.

SALONIKA, Jan. 29.

Marines from British, French,  
Russian and Italian warships in the  
harbour at daybreak on January 28th  
landed on the Karaburun Peninsula  
(near Salonika) and occupied the  
Greek fort. The garrison offered no  
resistance.

GREAT BOOTY CAPTURED.

LATER.

The landing at Karaburun was effected  
under the guns of the warships. The  
Greek commander protested. Simulta-  
neously with the naval landing, the  
French Infantry surrounded the fort and  
neighbouring habitations on the land  
side, searched the buildings and ordered  
the removal of the inhabitants.

The action of the Allies was due to  
the undesirability of the fortress being  
in other hands than theirs, and to the  
belief that a German submarine drew  
supplies in the vicinity of this coast.

# THE WAR.

## TO-DAY'S TELEGRAMS.

(Reuter's Service to the China Mail)

### GERMAN WORKS WRECKED.

#### RAPID THAW ENGULFS THEM.

##### WHOLE DETACHMENTS PERISH.

PETROGRAD, Jan. 30. Recent prisoners confirm the suffering of the Germans in the Russian marshes.

A rapid thaw released vast quantities of subterranean water which wrecked all the enemy works as though they had been bombed.

Dozens of heavy batteries and thousands of munition waggons, numerous guns and entire arsenals were irretrievably engulfed, while whole detachments in the trenches were cut off and perished miserably, being unable to escape from this malarial labyrinth.

The authorities in Germany, in order to prevent the news leaking out, isolate the returned soldiers who are invariably suffering from Russian influenza.

##### MINES IN BAY OF BISCAY.

Vigo, Jan. 30. Spanish vessels arriving report that mines are moored far out in the Bay of Biscay. Two Spanish boats have recently been sunk in the Bay.

##### ARMED MERCHANTMEN.

##### GUARANTEE TO U.S.A.

New York, Jan. 30. The Italian liner Verona, which arrived recently with two guns mounted at the stern, was allowed to sail, on Italy giving assurances that the guns were for purely defensive purposes.

##### U.S.A. AND ARMED MERCHANTMEN.

JOINT REPLY BY ALLIES. LONDON, Jan. 30. A French wireless message says that the Allies will reply jointly to the proposal by the United States that merchantmen should not carry guns except for defence.

##### THE "TARA."

##### ONLY TEN MISSING.

LONDON, Jan. 30. A list which has been received of the survivors of the Tara shows that only ten are missing.

##### SHIPPING AND FREIGHT TROUBLES.

LONDON, Jan. 30. The difficulties arising from heavy freights and scarcity of shipping are becoming so acute in Italy, especially in view of the closing of great works for lack of coal, that Baron Mayer, the ex-Ambassador to Washington, is going to London to discuss remedies.

LONDON, Jan. 30. Baron Mayer, late Italian Ambassador to Washington, has been appointed Comptroller-General to England for provisioning and transport.

##### AN ARMY PROMOTION.

LONDON, Jan. 30. A Gazette says Lieut.-Colonel William W. Watson is promoted to temporary Brigadier-General while commanding the Indian Brigade.

##### AMERICA'S NEED OF A MERCHANT MARINE.

WASHINGTON, Jan. 30. President Wilson, continuing his "preparedness" campaign, at one meeting emphasized that the lack of American merchantmen, making the United States dependent on other nations, was a cause of friction during the war.

##### AMERICA AND GERMANY.

WASHINGTON, Jan. 30. Mr. Lansing denies that a time-limit has been fixed for Germany to disavow the Zeebrugge crime.

### WHAT ITALY HAS GAINED.

#### AN OFFICIAL STATEMENT.

Rome, Jan. 30. An official resume of the Italian operations says the Italians have acquired a rich and populous region in Trentino and prevented an Austrian invasion of Venetia. They cut an important Austrian strategic road in the Dolomites and maintained possession of the Carnia border against persistent Austrian attacks.

The Italians have established a firm footing on the left bank of the Isone, holding in check the fortress of Tolmino, which is at the mercy of the Italian guns, rendering the town of Gorizia uninhabitable.

They have pushed back the Austrian line of defence beyond the Isone and Carso plateau where the Italians are firmly established.

The Austrians in the Isone region lost 32,000 prisoners, many guns and much material.

The Italian Army begins the New Year legitimately proud of its deeds and unshakably confident in the future. It will redouble its efforts till a glorious goal is attained.

### WESTERN FRONT.

#### ACTIVITY ON THE BRITISH FRONT.

LONDON, Jan. 30. General Sir Douglas Haig reports considerable artillery activity yesterday evening about Vaux, and continues: "Three of our patrols successfully bombed German trenches near Serre. There has been artillery work about Fricourt but the weather is foggy."

#### ACTIVITY ON THE FRENCH FRONT.

PARIS, Jan. 31. A communiqué says we exploded a mine south of the Neuville-La Folie road, wrecking the enemy's galleries.

Our artillery destructively bombarded enemy depots south-east of Lens and camps north of Wisay.

Our batteries between the Somme and the Oise caught bodies of marching troops.

We destroyed a German work near Soupir, annihilating a garrison and we effectively bombarded enemy organisations east of Rheims and at Aspach in Alsace.

#### ANOTHER BIG GERMAN ATTACK DEFEATED.

PARIS, Jan. 30. The Germans attempted another big attack on the Somme. A communiqué says that twice opposite Dompiere the German infantry were thrown back by artillery fire and a rifle brigade.

#### THE RAID ON PARIS.

PARIS, Jan. 30. The Zeppelin killed 24 and injured at least 25 persons.

The latest list of casualties in the Zeppelin raid over Paris gives sixteen killed, including two gendarmes, and thirty-two injured.

The smartness of the aeroplanes is shown by the fact that within twenty minutes of the alarm signal, thirty aeroplanes ascended. Five got in touch with the Zeppelin at an altitude of 12,000 feet, but only one was able to engage the raider. The aeroplanes were working under most difficult conditions as a thick mist below prevented the searchlights giving their maximum assistance; but the aeroplanes prevented further bombing.

An airman says Paris looked like a black hole in the middle of the lighted suburbs.

M. Poincaré and other Ministers are today visiting the scenes of the raid and the sufferers.

#### ANOTHER ZEPPELIN VISIT.

PARIS, Jan. 31, 5 a.m. An official announcement says that a Zeppelin appeared at Paris at 10 p.m.

It was subjected to a heavy fire from the batteries, while aeroplanes also attacked it. Bombs were dropped but no damage was done.

### SUCCESSFUL RUSSIAN OPERATIONS.

#### PETROGRAD, Jan. 30.

A communiqué records that a German attack south of Lake Babit was promptly suppressed. Mine fighting occurred in the Chernowits region. The Russians continue to punish the enemy at Ererom in Persia, capturing machine-guns.

#### OCCUPATION OF KARABURNA.

##### OFFICIALLY EXPLAINED.

COPENHAGEN, Jan. 30. It is authoritatively explained that the occupation of Karaburna was due to the fact that a German submarine recently, within a few miles of the channel leading to Salonika, torpedoed a British transport; thus proving the necessity of policing the coast.

#### THE ENTENTE AND GREEK MOBILISATION.

ATHENS, Jan. 30. The Entente Legations have communicated with the Press in order to dissipate the assertions that the Entente desired the mobilisation of the Greek army. The view of the Entente is that a continuation or the discontinuance of mobilisation is a matter for Greece alone to decide.

#### DEATH OF SIR CLEMENTS MARKHAM.

LONDON, Jan. 31. The death is announced of Sir Clements Markham, late President of the Royal Geographical Society.

#### GERMAN DESTROYERS AGROUND.

SALONIKA, Jan. 30. Two German destroyers are aground south-east of Salonika. A German cruiser and trawlers are assisting in getting them off.

#### LATER.

#### THE DESTROYERS AT SALONIKA HAVE BEEN REDOATED.

### EARLIER TELEGRAMS.

(Reuter's Service to the China Mail)

#### ZEPPELIN BOMBS PARIS.

#### WOMEN AND CHILDREN KILLED.

LONDON, Jan. 30. A Zeppelin threw bombs on Paris at ten in the evening. There were some victims, and damage was done to property.

#### LATER.

The approach of the Zeppelin was reported at 9.30 p.m. The city was immediately plunged into darkness and German planes along the streets sounding bells and bugles, thus alarming the inhabitants.

Searchlights lit up the sky, in which the squadron of aeroplanes entrusted with the defence of the city was dimly discernible.

The first explosions were heard at ten o'clock. The Zeppelin dropped several bombs. There were many victims, including fifteen at one point. A man, three women and two children were killed at another point. There were also several victims in the collapse of a house which was destroyed by a bomb. Elsewhere there was damage to property.

The end of the raid was announced by the blowing of bugles by the firemen at one in the morning.

The population throughout remained very calm. Crowds assembled on the boulevards where they watched the searchlights and listened to the aeroplanes. A thick mist hampered the guns.

Several aeroplanes pursued the Zeppelin, which was at a great height, and fired at it as it disappeared.

Another message says that the Zeppelin threw thirteen bombs. Nine houses were wrecked. Seven persons were killed and twenty-two injured.

### THE BALKANS.

#### GREAT FRENCH AIR RAID ON ENEMY CAMP.

SALONIKA, Jan. 29. A great French air raid on Friday on the camp of the Germans and the Bulgarians at Pazarli, north-west of Doiran, caused the greatest panic and considerable damage. The flying machines returned unscathed.

PARIS, Jan. 30. Fourteen French aeroplanes yesterday dropped numerous bombs on enemy camps at Pazarli, north of Lake Doiran.

#### ITALIAN CONCENTRATION AT VALONA.

LONDON, Jan. 30. It is stated in Rome that the Italians have decided to abandon Durazzo, and to concentrate at Valona.

#### FRENCH CAPTURE A TURKISH GARRISON.

LONDON, Jan. 30. French Marines landed at Xanthopoli, opposite Castellorizo, in Asia Minor, and made the Turkish garrison prisoners.

### WESTERN FRONT.

#### SUCCESSFUL BRITISH COUNTER-ATTACKS.

##### LONDON, Jan. 30.

A British communiqué states:—The enemy last evening, after a heavy bombardment, entered some of our saps near Caray. Counter-attacks in the early morning ejected the enemy, who abandoned dead and wounded.

Hostile shelling in this area continued to-day, enemy bombing attacks night and morning near the Quarries and Ghiecy being repulsed.

Shelling has been heavy in the vicinity of Loos but has now diminished. Our artillery replied vigorously, besides bombarding and damaging enemy trenches at other points.

#### SHARP FIGHTING.

#### FRENCH REGAIN LOST TRENCHES.

PARIS, Jan. 30. A communiqué states:—In Artois, west of Hill 140, we continued successfully to re-occupy portions of trenches captured yesterday by the enemy. In the course of the fighting we liberated 50 French prisoners.

The enemy south of La Folie road, attempted to re-capture two craters, but was repulsed.

Artillery was most active between the Somme and the Oise, and also north of the Aisne and in Lorraine, destroying a number of observation posts, and wrecking enemy works.

#### MESOPOTAMIA CAMPAIGN.

#### WHOLE COUNTRY DEEP IN MUD.

LONDON, Jan. 29. It is officially announced that General Sir Percy Lake has joined Major-General Aylmer at Wadi. He reports that the weather continues to be bad, and the whole country is deep in mud, making the movements of troops most difficult.

#### THE RUSSIANS ISOLATE ERZERUM.

PETROGRAD, Jan. 30. It is estimated at Petrograd that two Turkish Army Corps are shut up in Erzerum, and that reinforcements are impossible.

#### FRENCH PRISONERS.

#### DYING LIKE FLIES.

LONDON, Jan. 30. The Daily Mail correspondent in the Near East states that he saw, at Konia, 300 French prisoners who were totally neglected, starving and dying like flies. He believes that the British prisoners are confined at Angora.

#### THE WORLD ON FIRE.

#### THE DIFFICULTY OF MAINTAINING PEACE.

NEW YORK, Jan. 30. President Wilson, speaking at Ellensburg, said that the world was on fire and the sparks were likely to drop anywhere. If the people could see the despatches which he read hourly they would appreciate the difficulty of maintaining peace. The country must prepare not for war or aggression, but for National defence. It was quite feasible to train youths in the use of arms simultaneously with an industrial education. The danger was that grave and constant friction was likely to arise as regards the movement of overseas commerce.

#### OUTPUT OF MUNITIONS.

PARIS, Jan. 29. Mr. Lloyd George, Mr. Bonar Law, General Sir W. Robertson, General Du Cane, Mr. Leo and Mr. McPherson, M.P., have arrived in Paris to confer with M. Thomas (Under-Secretary for Munitions) in regard to the acceleration of the output and greater co-operation in production.

#### DUTCH INTERVENTION.

#### LEADS TO SOME RELEASES.

LONDON, Jan. 30. A despatch from The Hague says that as a result of intervention by the Dutch Government, Bulgarian releases and restores to their functions the keepers of the archives in the Anglo-French Legation at Sofia, France, therefore, releases and sends to Switzerland the Bulgarian Consul, staff and retinue at Salonika, and restores to his functions the keeper of the Bulgarian Legation in Paris.

#### THE HONGKONG CHURCH MISSIONARY ASSOCIATION.

A pamphlet has been issued setting forth up-to-date information, in brief form, of the Missionary aim and scope of most of the Church organisations in the diocese of Victoria—in the Colony of Hongkong and in China Proper. It is a "foreword" the Bishop says:—

"The Hongkong Church Missionary Association is not to be confused with the Church Missionary Society. The latter is one of the Great Anglican Societies formed in 1799 for the evangelisation of the world; it admits members from London a wide-wide organization and employs thousands of agents. The former, the Hongkong C.M.A., is a purely local organization. It is a voluntary Association of members of the Anglican Communion resident in the East (with the exception of those in 1888). Its twofold object is to spread accurate missionary information, and to assist approved missionary work in the Diocese of Victoria. This may be work managed by a purely Diocesan committee, as the Diocesan Schools and Orphanages, or by a purely Anglican Missionary Society, as the Bishop approves. The funds are disposed by the local committee which is appointed by the annual meeting of all subscribers."

The Bishop says he will be thankful if members of the Church of England who reside in or visit this Diocese will take the trouble to see at least some of the institutions mentioned. He is sure it is the bounden duty of all European Christians who stay in the East to at least acquaint themselves with missionary enterprise. No member of the Church of England ought to go away from this colony without knowing something about missionary work.

Accurate information (the Bishop says) may possibly result in criticism, and the governing bodies of various institutions will welcome friendly criticism of fellow Christians. Such criticisms will do good if made to the right quarter, but only if made to those who already disfigure the supreme duty of the Church. Accurate information will lead to definite action. It is hard to pay for those who do not know. The New Testament intercession for Missions was always based on information received. Accurate information will, I am persuaded, produce much co-operation in this missionary work. Ladies and gentlemen are in various ways help, especially in the institutions in which English is spoken, besides the obvious opportunity of monetary assistance. Owing to the war the supplies from England for missionary work are in danger of being considerably diminished. I shall indeed be thankful if friends both English and Chinese come forward to make up any deficiency and provide for advance. With all my heart I commend the pamphlet and the Church Missionary Association to all members of the Anglican Communion in Hongkong."

It is authoritatively stated that there is no truth in the report that the salaries of the officials serving in the Chinese Government Departments in the Capital will be reduced by thirty per cent and that a portion will be paid in Treasury bills. According to the statement of a responsible official of the Ministry of Finance, the reported reduction of 30 per cent would hardly amount to \$200,000; and in view of the fact that the Treasury is well supplied with funds a reduction has never been contemplated by the Government, nor is it true that any portion of the salary will be paid in Treasury bills.
